#### **Conference Opening & ActivatEE**

To kick-off this great event, AEE Staff and Attendees from around the world gathered together on Zoom. We took time to acknowledge the lands that we are all on, premiered a new AEE video (where you might see yourself) and heard from AEE Executive Director, Sherry Bagley.

#### *ActivatEE*

After our opening and land acknowledgement, we jumped right into ActivatEE. ActivatEE is a sharing platform designed by the Association for Experiential Education for its members and conference attendees during the International Conference each year. ActivatEE is a developmental process, both for the speaker and the audience, where we share ideas, test assumptions, and are asked to view a perspective through a different lens. ActivatEE is designed to facilitate the process of creating one's story, inspiring the use of one's voice, and launching an idea - all on stage during a conference keynote.

**2020 Speakers:** Esther Ayers, Sanford Tollette, Sachi Sakamoto, Joe Booth, Abdul Samad Khan Samad, Caitlin McCormick Small

#### **Keynote: The Foundation for a Healthy St. Petersburg**

We were thrilled to have our 2020 Keynote presented by Randall H. Russell and Carl R. Lavender, JR from The Foundation for a Healthy St. Petersburg. Randall is the President and Chief Executive Officer of The Foundation and Carl is the Chief Equity Officer of The Foundation, and together they shared their experiences and wisdom regarding incorporating equity into Experiential Learning, the importance of data, and the story of The Foundation's Center for Health Equity.

*"Community. We all have many of them: our local community, our work community, our professional community (like AEE). Our communities connect us. Our communities shape us, educate us, mold us. They tie us together and make us stronger. In the last year we have relied heavily on our communities. I am lucky enough to live in a community with an organization which believes in changing the systems that discriminate against people. The Foundation for a Healthy St. Petersburg and its Center for Health Equity is doing the hard work of breaking down systemic racism, health inequities, housing issues and more in order to empower a healthier, more equitable community. They are doing this through inspiration, skills, and action. They are an organization that embodies their values and those values align with AEE's. I have found inspiration, hope and revelations in watching their progress and I hope you all do too."*  
-AEE Executive Director, Sherry Bagley
